

2012 LOS ANGELES COUNTY SCIENCE OLYMPIAD

Occidental College • Saturday, February 25, 2012

VOLUNTEERS FORM

All teams must bring to the competition, at least **one adult volunteer for every five students**. If you bring six to ten students, at least two volunteers are required; if you bring 11 to 15 students, at least three volunteers are needed. Team points will be deducted if volunteers are not available on the day of the Olympiad. Failure to provide volunteers may result in a participation sanction the following year. Volunteers must be available throughout the day to help with the events and infrastructure of the Science Olympiad. Volunteer assignments vary, but generally involve about 2 hours for each volunteer. These volunteers are in addition to chaperones that you may require to supervise your students. **No exceptions! Please do not register a team if you are not able to provide volunteers.**

Please print the names of your volunteers below.
